

Community Education Advisory Council

The Community Education Advisory Council is a group of community representatives who advise and promote the programs and services of St. Cloud Area Community Education.

Together this group determines what resources could best be utilized to meet the current needs and interests of this school-community without duplicating other efforts.

The Advisory Council meets on Tuesdays from 5:00-7:00 p.m. five times during the school year.

Advisory Council members for the 2007-2008 school year:

John Anderson	janderso@ci.stcloud.mn.us
