Greetings Oak Hill Families!

We are all so excited for all the activities happening in May! As you can see from all the upcoming events, there are multiple opportunities for parents to come in and volunteer again! Masks are no longer required when you’re in the school, but if you feel more comfortable wearing one, please do so.

As the weather finally gets warm, please be sure your child has a clean water bottle at school every day. We do not have operational drinking fountains, and the plastic cups are small and wasteful.

Please remind your child to bring home any winter weather gear they have stored in lockers. We also have MANY items in the “Lost and Found” if things are missing.

I look forward to seeing our families back on campus for the Spring Together family night from 5-7 on May 19th. Our new trees will be planted by than as well, so come and check it out and explore in the Big Woods. Walking shoes are recommended.

Happy Spring,

Deb Jokela, Principal

Masters in Math

A team of Oak Hill 5th graders (Salma Abdirizak, Nolan Olsen, Jon Price, Soren Tornow, Tyler Love, Fethi Ahmed, and Seth Kroska) competed in the District Masters in Math competition. Masters in Math challenges students to use critical thinking skills and problem-solving abilities in mathematics, while recognizing academic effort and achievement. The mathematicians competed against six other math teams each representing their own elementary school. The competition rounds consisted of a combination of individual and team scores. Tyler Love finished 2nd and Fethi Ahmed finished 6th in the top 10 for fact drill fluency. Seth Kroska placed 4th in the top 10 for individuals. Overall, our Oak Hill team placed 5th, congratulations to our entire team!
