Preparing the Next Generation of
Manufacturing and Engineering Talent

Supported By

Apollo Betterment Committee (ABC)

What is ABC?

The Apollo Betterment Committee is a student organization centered around promoting student voice within Apollo High School. Our main goal is to help promote positive change at school, whether that be by changing our physical surroundings or by finding better ways to create a more positive Apollo community. We are focused on solutions.

Physical Aspects

What do you notice around the building?

Safety Concerns?

Aesthetics?

What makes you feel comfortable at school?

What would help us feel more comfortable?

Social Aspects

What do you notice among your peers?

How do you feel about our community?

How do we encourage school spirit?

How can we celebrate student success?

From An **Apollo** Student Voice

We Are Collaborative

Building Assets Reducing Risks

BARR Model

Focus on the whole student

Hold regular meetings of the cohort teacher teams

Provide professional development for teachers, counselors, and administrators

Conduct risk review meetings

Use BARR's I-Time Curriculum to foster a climate for learning

Engage families in student learning

Create cohorts of students

Engage administrators

BARR cultivates belonging by implementing systems that ensure that every student is seen, feels valued, and has trusting, positive relationships within the building.

AND Sometimes we are PERFECT

APOLLO SENIOR NAILS PERFECT ACT SCORE

DENE DRYDEN | OCT 5, 2020 AT 12:12 PM

(KNSI) - Ethan Logeman was virtually attending his AP Psychology class when he got the news. He turned off his camera and left the room to find his mother. Word spread to the rest of his family, his girlfriend and his school counselor.

Logeman had just learned that, on his second attempt, he scored a perfect 36 on the ACT.

Now a senior at Apollo High School, Logeman had taken his first ACT as a junior in February, scoring a 32. It's a score he would have been fine with keeping, he said.

By the next month, COVID-19 had disrupted many of Apollo's then-juniors' ACT plans; school counselor Richard Larson said the March, April and June ACTs were canceled.

"I believe about the first time a student could take the test was July, in Minnesota," Larson said. "Those test dates filled up big time."

Logeman was able to secure a spot for the September ACT — months after many universities announced they *would make ACT and SAT test scores optional* for the high school class of 2021 due to the pandemic. Logeman said he wanted to see if he could improve to a 34 or a 35.
