## 5 reasons to create a *myHealthPartners* account

Using your plan can be confusing and complicated, but it doesn't have to be. Make it simple and feel confident when you get care by creating an account at [healthpartners.com](http://healthpartners.com). Here are five reasons you won't want to wait:

- Biopsies
- CT scans, X-rays and MRIs
- Delivering a baby

- Joint replacements

## 3. Find your health records in one place

Need to track down an immunization record or EOB, but can't find it? Stop searching and log on to your *myHealthPartners* account. With the new *My activity* timeline you get a real-time look at how the care you receive works with your plan, including claims and costs on one easy page.

## 4. View plan balances

Having a hard time remembering what you've spent on health care this year? Track your spending and view what's left in your deductible, HSA, HRA or FSA.
