

What Is CAAP?

CAAP stands for
“Community Accountability
and Prevention.”

A St. Cloud ISD 742
Intervention and Prevention
program that focuses on
students in 6th through 10th
grades who need one to three
days to get better prepared,
engaged, educated,
empowered and inspired to
be more successful and go
farther in school.

Each day, students will work
on academics from their
home school with a licensed
teacher, spend some time
processing and problem
solving with a Licensed
School Counselor, and be
able to participate in a
community service project
during the day.

CAAP ~ ISD 742

CAAP

*A Community-Based
Accountability
& Prevention
Program for Students
in grades 6th-10th*

*St. Cloud Area School
District 742*

ACADEMICS

Students will have about a two hour morning block and two hour afternoon block during which time they will work on academics.

Students are expected to bring their electronic device with assignments they have from their home schools each day. Our staff will also check schoology and contact their teachers for additional assignments or information as needed in efforts to help students keep current in their classes.

Our staff includes an experienced Licensed Teacher and a Behavior Support Specialist with ISD 742 to work one-to-one with students as they need assistance on their homework.

COUNSELING

During each day, an ISD 742 Licensed School Counselor will meet with each student. This is a time to explore the circumstances that brought them to the program. In addition, students have an opportunity to process their behavior choices and alternatives for dealing with the day-to day challenges they face.

Common areas addressed include:

- dealing with conflict
- managing one's temper
- understanding emotions
- making decisions
- accepting consequences
- building communication skills
- handling peer pressure
- building organization skills
- managing mental health issues
- working with authority
- developing healthy relationships

Effort is made toward students developing a plan they can take back to their home school that will help them be a more productive and successful student.

SERVICE LEARNING

For about an hour each day, students may join in a community service volunteer projects. This might include working on an indoor project or outside around the campus grounds or within the community.

CONFLICT RESOLUTION

Students will have the opportunity during their stay at CAAP to be introduced to the ideas, process and strategies of Conflict Resolution.

LUNCH

Students may bring their own lunch, or a school bag lunch will be provided and deducted from their current lunch account.

Please feel free to contact the CAAP staff with any questions you may have or opportunities for service projects.
