STUDENT:

Dates Assigned to CAAP:

Assignments:

Your student has been assigned to the CAAP program during the dates listed above. Each day students have academic time. They are much more successful at CAAP if they have a sufficient amount of work from their home school. **We encourage you to send not only the assigned work for the identified days, but also any make-up and/or enrichment work the student could do.**

You can bring homework to the office before the morning bell as we do pick up students each morning from the office. Please send any books needed. Below is a list of the books that we do have on site.

Thank you so much for your assistance!
