MF1 and MF2 are acronyms for Math Foundations 1 and Math Foundations 2
 If entering as a 9-12 grader, students will be placed as a 9th grader due to lack of credit requirements regardless of age.
 Geometry will be taken in their "12th grade year" and Algebra 2, or an equivalent course, will be taken in the additional year necessary to attain a diploma and meet graduation requirements as stipulated by the Minnesota Department of Education.
 MF1 and MF2 are elective courses, not for credit -Shaded courses are credit bearing while non-shaded courses are electives
Note: An equivalent course for Algebra 2 still needs to address the same standards.
