What is a Family-School Compact?

A Title I Family-School Compact for Achievement is an agreement that parents, students and teachers develop together. It explains how parents and teachers will work together to make sure all students get the individual support they need to reach and exceed grade level standards.

Oak Hill is a Schoolwide Title 1 school. The goal of a Schoolwide Title 1 program is to ensure that all students, particularly low achieving students, demonstrate proficient and advanced levels of achievement.

District 742 Mission

The Mission of St. Cloud Area School District 742 is to create a safe and caring climate and culture in which we prepare, engage, educate, empower and inspire all learners in partnership with their surrounding community to be successful in today’s and tomorrow’s society.

School Goals

Reading: The percentage of all students enrolled in grades 3-5 at Oak Hill Elementary School for at least half of the school year who are proficient on the reading state accountability test (MCA) will increase from 47.6% in Spring 2022 to 58% in Spring 2023.

Math: The percentage of all students enrolled in grades 3-5 at Oak Hill Elementary School for at least half of the school year who are proficient on the math state accountability tests (MCA) will increase from 42% in Spring 2022 to 52.2% in Spring 2023.

Supporting Partnerships

Activities to Support Partnerships

Goal Setting Conferences: Aug. 31 & Sept. 6

Student-Led Parent-Teacher Conferences
Oct. 6 & 13, 3-7:30 p.m.
Feb. 2 & 9, 3-7:30 p.m.

Family Nights
Oct. 6, 3-7:30 p.m.
Oct. 13, 3-7:30 p.m.
Feb. 2, 3-7:30 p.m.
Feb. 9, 3-7:30 p.m.
May 18, 5-7 p.m.

Family Visit Days
Aug. 23: Welcome new families & deliver swag bags
Fall: TBD

Communicating About Learning

Oak Hill is committed to communicating regularly with families about their child’s learning. Some of the ways parents can expect to receive communication include:

- Acorn newsletter
- Student agendas
- Principal’s blog
- Oak Hill website
- Skylert Phone Messaging

Questions? Parents can contact their child’s teacher to check on progress.

In the Classroom

District 742 schools work with students and families to support student success in reading and math. Some key connections with families include:

- District and school website resources support and challenge student learning and are available at www.isd742.org.
- Minnesota Reading Corps provides one-on-one support for kindergarten through grade three students.
- Minnesota Math Corps provides support through small groups for students in grades four and five.
- ADSIS (Alternative Delivery of Specialized Instructional Services) provides additional small group support in reading and math.
- The AVID (Advancement Via Individual Determination) college readiness program helps students develop the skills they need to be successful in college.
- ALEKS (Assessment and Learning in Knowledge Spaces) is an adaptive learning program for students.

At Home

Reading and math take practice. Here are a few ideas to help with that. Families may have other ideas to add to this list.

- Attend family fun nights and participate in activities and strategies to promote student learning.
- Read every day with your child. PAKRAT (Partners and Kids Reading A-Lot Together) provides a different book each school day for students to bring home and read for 20 minutes.
- Have fun with math. Use materials found at home to explore math.
- Play word games with the new vocabulary words and find ways to use these words in family conversations.
- Be informed by looking for the school newsletter and visiting the school website regularly.
- Connect to any of the available online educational sites such as Symbaloo. Click on Student Connect from your school’s web page.
- Encourage and support technology for school and academics. Use technology to enhance your child’s learning and education. Watch online tutorials and become familiar with Seesaw and Google Classroom.

Suggestions for Success

Students may want to try the following ideas to make connections between learning at home and at school:

- Talk with family about new vocabulary words and what they’re learning in math.
- Bring home class newsletters and notices about family fun nights and events.
- Keep a log of games they play at home to practice new vocabulary words and math.
- Utilize some of the many educational links available through the school website when they have screen time.
