Dear Tech Families:

Our Tech staff looks forward to welcoming our students and families back to school.

This school year we will learn, make mistakes, adapt to change, and create pathways to align with our goals and dreams. Our goal is to engage students academically and support them socially and emotionally while preparing students for post-secondary options and career readiness.

We look forward to strengthening our partnerships with all stakeholders, as they are essential to the success of our Tech learning community. We will remain focused on our pillars; Pride, Respect, and Responsibility. When you succeed, we all succeed.

Go Tigers!
