

The purpose of the funding each school receives from early intervention dollars is to support the implementation of PBIS at their school. Examples of how this money can support implementation are listed below.

- Costs related to school-wide celebrations related to demonstrating school-wide expectations
- Costs related to providing recognition for students for demonstrating school-wide expectations
- Costs related to purchasing or creating incentives for students receiving targeted or intensive interventions
- Costs related to creating PBIS visuals
- Stipend or hourly pay for planning or work time to create or update PBIS products
