- **Severance Pay Information:** Please review the Severance article in your employment contract to see if you meet the requirements to receive severance pay.

[Refer to the 'Employee Agreements' page under the HR Department on the District website](#)

Upon receiving notice of your retirement, your eligibility for Severance Pay will be reviewed in the HR department. If eligible, you will receive a Severance Calculation letter and a brochure for MSRS within 60 days after your last day of service detailing your severance amount and deposit date.

Severance payments are deposited into a post-retirement Health Care Savings Plan (HCSP) managed by Minnesota State Retirement Systems (MSRS). Within approximately two weeks of your severance funds being deposited, you will receive an informational “Welcome” packet from MSRS (unless you already had an account established prior to your severance being deposited – i.e. had Wellness Pay deposited there in the past). For more information regarding this account, please contact MSRS.
