

## Non-Rep Hourly Bargaining Update

December 11, 2019

The non-rep hourly Guidelines for Wages, Benefits, and Working Conditions have been updated with language, compensation and benefit changes to align with the settlements of the non-licensed bargaining groups. Input about employee priorities was gathered through surveying the non-rep hourly staff this fall and assisted in preparing the recommendation to the board. The administration will recommend the proposed changes to the School Board for approval on December 18, 2019.
