Indoor Air Quality - Upholstered Furniture in Facilities

Students and faculty will use District 742 facilities with care and remember that they belong to the community.

1. To improve the appearance and cleanliness of the facilities and to reduce the amount of flammable materials, faculty and students may not bring upholstered furniture into District 742 facilities.

2. Upholstered furniture already in District 742 buildings may be retained until the end of the 1999/2000 school year (May 2000) when it must be removed.

3. The District will purchase approved upholstered furniture for faculty lounges and offices. No upholstered furniture will be purchased for classrooms.
