616 SCHOOL DISTRICT SYSTEM ACCOUNTABILITY

I. PURPOSE

The purpose of this policy is to ensure that the strategic and operational work of the St. Cloud Area School District promotes higher academic achievement, utilizes data to make programming decisions, and involves stakeholder input.

II. GENERAL STATEMENT OF POLICY

The School District has established a system to uphold the requirement that students gain proficiency in the Minnesota Academic Standards in order to meet the graduation requirements. The District has also established a system to review and improve instruction, curriculum, and assessment, which includes input from students, parents or guardians, and local community members. The District is accountable to the public and the state through annual reporting.

III. DEFINITIONS

A. “Credit” means a student’s successful completion of an academic year of study or a student’s mastery of the applicable subject matter, as determined by the school district.

B. “World’s best workforce” means striving to: meet school readiness goals; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.

IV. ESTABLISHMENT OF GOALS; IMPLEMENTATION; EVALUATION AND REPORTING

A. School District Goals

1. The School Board shall adopt annual goals based on the recommendations of District Administration for comprehensive continuous improvement of student achievement. These annual goals will provide direction for the District. Incorporated in Academic Standards and federal law. The broad goals shall be reviewed annually and approved by the Board. The school board will also consider recommendations of the school district’s Learning
and Teaching Advisory Committee.

2. The District’s Learning and Teaching Advisory Committee is established by the school board to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.

3. The District’s improvement goals should address recommendations identified through the Learning and Teaching Advisory Committee’s process. The school district’s goal setting process may include consideration of individual site goals. School district goals may be developed through an education effectiveness program review and/or an evaluation of student progress.

B. System for Reviewing All Instruction and Curriculum

Incorporated in the process will be analysis of the school district’s progress toward implementation of the Minnesota Academic Standards. Instruction and curriculum shall be reviewed and evaluated by taking into account strategies and best practices, student outcomes, principal evaluations under Minn. Stat. §123B.147, Subd. 3, and teacher evaluations under Minn. Stat. §122A.40, Subd. 8, or 122A.41, Subd. 5.

The District 742 Curriculum Review and Development Process Cycle is an Addendum to this Policy.

C. Implementation of Graduation Requirements

1. The Superintendent, or designee, and the Learning and Teaching Advisory Committee shall advise the School Board on implementation of the state and local graduation requirements, including preK-12 curriculum, assessment, student learning opportunities and other related issues. Recommendations of this committee shall be published annually to the community. The School Board shall receive public input and comment and shall adopt or update this policy at least annually.

2. The School Board shall annually review and determine if student achievement levels at each school site meet federal expectations. If the School Board determines that student achievement levels at a school site do not meet federal expectations and the site has not made adequate progress, the District shall work with the school site to adopt a plan to raise student achievement levels.

3. The educational assessment system component utilized by the school board to measure individual students’ educational progress must be based, to the extent annual tests are administered, on indicators of achievement growth that show an individual student’s prior achievement. Indicators of
achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. The school board will utilize models developed by the Commissioner for measuring individual student progress. Multiple forms of assessment will be used when monitoring progress and achievement. The school board must coordinate with MDE in evaluating school sites and continuous improvement plans, consistent with best practices.

D. Learning and Teaching Advisory Committee

1. Each school year the Learning and Teaching Advisory Committee will meet to advise and assist the school district in the implementation of the school district system accountability and comprehensive continuous improvement process. At minimum, the committee will meet four times each school year.

2. The Learning and Teaching Advisory Committee, working in cooperation with other committees of the school district will provide active community participation in:

   a. Reviewing the school district instructional and curriculum plan, with emphasis on implementing the Minnesota K-12 Academic Standards;

   b. Providing input on annual instruction and curriculum improvement goals for recommendation to the school board through the Superintendent or Superintendent’s designee;

   c. Making recommendations regarding the evaluation process that will be used to measure school district progress toward its goals;

3. The Learning and Teaching Advisory Committee, shall meet the following criteria:

   a. The Learning and Teaching Advisory Committee, shall ensure active community participation in all planning for instruction and curriculum affecting Graduation Standards.

   b. The Learning and Teaching Advisory Committee, shall make recommendations to the school board on school district-wide standards, assessments, and program evaluation.

   c. Building teams may be established as subcommittees to develop and implement an education effectiveness plan and to carry out methods to improve instruction, curriculum, and assessments as well as methods to use technology in meeting the school district improvement plan.
d. A local plan to evaluate student progress, using a local process, shall be used for developing a plan for assessment of student progress toward the Graduation Standards, as well as program evaluation data for use by The Learning and Teaching Advisory Committee, in the instruction and curriculum review process. This plan shall annually be approved by the school board.

4. The Advisory Committee shall, when possible, be comprised of two-thirds community representatives and shall reflect the diversity of the community.

5. Translation services should be provided to the extent appropriate and practicable.

E. Evaluation of Student Progress Committee

A committee of professional staff shall develop a plan for assessment of student progress toward the Graduation Standards, as well as program evaluation data for use by the Learning and Teaching Advisory Committee, to review instruction and curriculum, cultural competencies, including cultural awareness and cross-cultural communication, and student achievement at the school site. This plan shall annually be approved by the School Board.

F. Reporting

1. Consistent with Minn. Stat. § 120B.36, subdivision 1, the school board shall publish a report in the local newspaper with the largest circulation in the district, by mail, or by electronic means on the school district website. The school board shall hold an annual public meeting to review and revise, where appropriate, student achievement goals, local assessment outcomes, plans, strategies, and practices for improving curriculum and instruction and cultural competency and efforts to equitably distribute diverse, effective, experienced, and in-field teachers, and to review school district success in realizing the previously adopted student achievement goals and related benchmarks and the improvement plans leading to the world’s best workforce. The school board must transmit an electronic summary of its report to the Commissioner in the form and manner the Commissioner determines. The school district shall periodically survey affected constituencies in their native languages, where appropriate and practicable, about their connection to and level of satisfaction with school. The school district shall include the results of this evaluation in its published reports and in its summary report to the Commissioner.

2. The school performance report for a school site and a school district must include performance reporting information and calculate proficiency rates as required by the most recently reauthorized Elementary and Secondary Education Act.

3. The school district must annually report the district's class size ratios by each grade to the commissioner of education in the form and manner specified by the commissioner.
4. The school district must report whether programs funded with compensatory revenue are consistent with best practices demonstrated to improve student achievement.
