St. Cloud Area
School District 
Prepare. Engage. Educate. Empower. Inspire.

Our Actions

All students are taught to

Reflect
Respect

Imagine...

a learning environment where all students treat each other with kindness, understanding and respect. Imagine a learning environment where all students learn how to respond to bullying and harassment and help prevent it from occurring. These are OUR schools. Together we can create all that we imagine.

Equitable Excellent Education For All

Our Beliefs...

- All students have the right to feel safe and welcome at school.
- Everyone benefits when cultural differences are acknowledged and welcomed.
- All staff in our district will work to foster an environment of respect through honesty, authenticity and compassion in our words and actions while valuing the strengths and contributions of all in this diverse community.

Our Commitment...

- To provide excellent education for all students regardless of race, religion, color, national origin, ethnicity, sex, sexual orientation, family status, economic status, or disability.
- To teach all students how to learn side by side in an environment of kindness and respect.
- To create a positive climate where all students feel safe and welcome through the use of a systematic approach to positive behavior support and management (PBIS: Positive Behavior Interventions and Support).
